

Open both of the ends and center 'A' frames.

1

Push each of the three locking arms down to secure the frame.

2

Push fit the top horizontal tubes into the 'A' frames, ensure the plastic joiners face inward.

3

Push the bottom horizontal tubes into the 'A' frames, ensure the plastic joiners face inward.

4

## Graphic Attachment:

Each graphic includes a total of 8 grommets.

Pass the elastic bungee cord through the graphic eyelets.

1

Secure elastic bungee around the frame with hook.

2

Corner eyelets require a bungee cord loop around the top and side of the frame to properly secure.

3

## Outdoor Installation:

Failure to install properly may result in the frame blowing away.

Stakes on the corners should be inserted at a 45 degree angle pointing toward the graphic.

1

Stakes in the center should be inserted at a 45 degree angle pointing away from the graphic.

2
